

Resolution # 7

Resolution Exposing United Nations Agenda 21 and commending the Legislature for enactment of Alabama Senate Bill 477 into law

WHEREAS, the United Nations Agenda 21 is a comprehensive plan of extreme environmentalism, social engineering, and global political control that was initiated at the United Nations Conference on Environment and Development (UNCED) held in Rio de Janeiro, Brazil, in 1992; and,

WHEREAS, the United Nations Agenda 21 is being covertly pushed into local communities throughout the United States of America through the International Council of Local Environmental Initiatives (ICLEI) through local "sustainable development" policies such as Smart Growth, Wildlands Project, Resilient Cities, Regional Visioning Projects, and other "Green" or "Alternative" projects; and,

WHEREAS, this United Nations Agenda 21 plan of radical so-called "sustainable development" views the American way of life of private property ownership, single family homes, private car ownership and individual travel choices, and privately owned farms; all as destructive to the environment; and,

WHEREAS, according to the United Nations Agenda 21 policy, social justice is described as the right and opportunity of all people to benefit equally from the resources afforded us by society and the environment which would be accomplished by socialist/communist redistribution of wealth; now therefore,

BE IT RESOLVED BY THE ALABAMA REPUBLICAN PARTY, that we recognize the destructive and insidious nature of United Nations Agenda 21 and hereby exposes to the public and public policy makers the dangerous intent of the plan; and that the U.S. government and no state or local government is legally bound by the United Nations Agenda 21, and

BE IT FURTHER RESOLVED, that we commend Sen. Gerald Dial and Rep. Steve McMillan for handling so ably legislation that prohibits Agenda 21 and we extend our thanks to Gov. Bentley for his signing the legislation into law, which states, " The State of Alabama and all political subdivisions may not adopt or implement policy recommendations that deliberately or inadvertently infringe or restrict private property rights without due process, as may be required by policy recommendations originating in, or traceable to "Agenda 21," or any other international law or ancillary plan of action that contravenes the Constitution of the United States or the Constitution of the State of Alabama."
